ASTIGMATISM.

What it is, and How Corrected.

Astigmatism or Irregular Vision is one of the most common of all the refractive errors. It is due to the irregular curvature of the eye known as the Cornea. Of course no instrument is sufficient to correct it, but in the hands of a thoroughly efficient and competent eye specialist the ophthalmometer reveals the exact condition of the eye in a way that nothing else can. If your eyes need attention have DR. J. T. JOHNSON to put them under this wonderful instrument. Office hours 8:30 to 12:30; 2 to 6. 302 S. Elm St.

OFFICERS ELECTED TODAY

Of the Greensboro Loan & Trust Company—Fine Body of Men.

The stockholders of the Greensboro Loan & Trust Company met in the Knights of Pythias hall today at 10 o'clock and organized by the election of the following officers:

President—J. W. Fry.
Vice-President—J. S. Cox.
Secretary and Treasurer—W. E. Allen.

Board of directors: J. A. Odell, Geo. S. Sergeant, R. M. Rees, R. R. King, B. F. Mebane, W. L. Grissom, W. D. McAdoo, J. S. Cox, R. P. Gray, and J. W. Fry, of Greensboro; John Gill, of Baltimore; W. H. Watkins, of Raleigh; O. R. Cox, of Cedar Falls, and W. F. Williams, of Red Springs.

The personnel of this board of officers is superb. The men are of high personal character and splendid business capacity and intelligence, wealth, affluence and social standing. Gen. Gill is president of the Mercantile Trust and Deposit Company, of Baltimore; W. H. Watkins is secretary and treasurer of the Columbia Cotton Mills and president of the Sanford Cotton Mill; O. R. Cox is secretary and treasurer of the Cedar Falls Cotton Mills; W. F. Williams is president of the Red Springs Lumber Company and also president of the Red Springs & Bowman Railroad.

As to the Greensboro gentlemen nothing need be said. A stronger or more intelligent body of men could not have been found anywhere. The new company, which will do a general trust and banking business, will open not later than the first of September. A banking house has not been definitely decided upon though the committee appointed for that purpose will make a selection within a few days.

NEW RECRUITS

Enlisted At the Army Recruiting Station Here.

The following men, all white, have enlisted at the army recruiting station here since the last list was published. All who are enlisting now, seem to prefer service in some of the ten new volunteer regiments rather than in the regular army. All of the following will be sent in a few days to Camp Meade, Pa., to join the 27th volunteer infantry now being organized:

Dan D. Grier, Matthews; William L. Moser, Dalton; James E. Phillips, Harper's X Road; Edward W. Holby, Belvoir; Charles E. Savin, Woodbury, Md.; Lynn W. Capps, Guilford Battle Ground; John W. Vaughn, Pilot Mountain; Robert Finger, Maiden; John L. Wall, Level Cross.

John B. Grogan enlisted for service with the third cavalry, now at Fort Miles, Va. He was in "Fighting Joe" Wheeler's brigade during the attack on San Juan and at the fall of Santiago. He now hopes to follow Wheeler to the Philippines.

THE VOTE FOR BONDS.

Only Two Votes Against and 858 For Them.

As announced in these columns yesterday the bond election was carried by a good and safe majority. Out of a total registration of 1,423 there were 855 votes cast for the issue and only two against it. In fact there was only one vote against bonds for the other one which was intended to be against them was illegal, being worded wrong.

It required a majority of all registered voters to carry the election and it will be seen from the above figures that 146 votes more than was necessary were polled. It means that the people are in earnest about city improvement, and that Greensboro must have them.

State Horticultural Society.

State Horticultural Society meeting will be held at the court house in Greensboro, N. C., August 1st, at 8 p. m.—during gala week. All who are interested in fruit and shade trees and shrubbery are invited to attend. The following subjects will be discussed:

- 1st. Fruits for Middle North Carolina.
 - 2nd. Strawberry growing.
 - 3rd. Ornamental shrubbery and shade trees.
 - 4th. Insect enemies, by Prof. E. Dwight Sanderson, assistant entomologist, department of agriculture, Washington, D. C. Prof. Sanderson will illustrate his lecture with stereoscopic views, which will be interesting as well as instructive.
- Other prominent persons will be present, and we hope to have a crowded house.

Determined To Join the Throng.

The Post, in behalf of the Capital City, lifts its hat to Greensboro in sincere congratulation upon the splendid work of yesterday. With only two dissenting votes, the entire registered vote of the city was cast in favor of the issuing of \$300,000 of bonds for street improvements, sewerage, water and lights. The Gate City is determined to join the throng of live, progressive cities, and the Post wishes it and its splendid people God-speed.—Raleigh Post.

STRIKERS USING DYNAMITE.

Elevated Railway Pillars on Fifth Avenue Blown Up.

THE STRIKE IN NEW YORK

Is So Far a Weak Effort, Only a Few Grumblers Going Out. No Fears of Trouble.

By Wire to THE TELEGRAM

Brooklyn, July 19.—Strikers or their sympathizers tried to wreck the elevated structure at Fifth avenue and Thirty-sixth street with dynamite early this morning. If the hands had not been clumsy the chances are the effect would have been disastrous. The explosion wrecked two pillars and tore a big hole in the street, but as few cars were passing that point, nobody was hurt. The damage was repaired at 5 o'clock this morning, when the regular schedule was resumed.

VIRTUALLY OVER.

Brooklyn, July 19.—President Rosier said this morning that the strike is virtually over. Faithful employees of the company are receiving double pay. The police is still watchful to prevent riots and mischievous attacks of the strikers. All hope of a strike on the elevated lines has been abandoned. SUSPECTED DYNAMITERS ARRESTED.

Brooklyn, N. Y., July 19.—Twenty-one men were arrested today on suspicion of being the parties who dynamited the pillars of the elevated railroad on Fifth avenue this morning.

EXTENDS TO NEW YORK.

New York, July 19.—The Brooklyn strike extends to New York this morning. A grievance committee of the Metropolitan traction met at Master Workman Parson's house after midnight this morning and ordered a strike upon all the Metropolitan Traction Company's electric systems. The Manhattan and Borough cable cars will still run.

The first car tied up was on the Second avenue line at N. Twenty-sixth street depot at 3:10 this morning. A mob captured the car and at 5 o'clock drove off the motorman and took the car three blocks where it was stopped by an obstruction. Only about ten per cent. of the men were out at eight o'clock this morning, and the cars were running nearly as usual. The strikers claim that many more will join them as soon as they hear of the strike. Orders have also been issued for the strike upon Sixth avenue. It is claimed that before night all the Metropolitan Traction Company's cars, except the cable cars, will be tied up.

A WEAK EFFORT.

New York, July 19.—So far the strike on the Metropolitan lines is a weak effort. Only a few grumblers are going out. President Vreeland says there is no strike.

COLOR'D DELEGATION

To the Fourth International Pro-League Convention.

Editor Telegram:

The colored delegation to the Fourth International Convention of the Epworth League, to be held in Indianapolis, is quite large from North Carolina.

There will be about twenty from this place, Salisbury, Charlotte and Asheville. Among those from Greensboro will be Dr. J. D. Chavis, E. D. I. Wells, and Prof. R. W. S. Thomas. The Southern Railway has arranged a special car, a "Tourist Sleeping Car," to start from Salisbury and go through.

North Carolina feels proud to know that out of the four colored speakers to come before this great convention she has one, Dr. J. D. Chavis, who is to address this great body on "Integrity in Daily Life."

He is equal to the task. Delegate.

NOTES FROM HIGH POINT.

The Local News From Our Neighbor Briefly Told.

TELEGRAM BUREAU HIGH POINT, N. C., July 19.

N. H. Slaughter, proprietor Jarrell Hotel, is at Johns Hopkins hospital, Baltimore, for treatment. Hope he will be spared much suffering and that he will be able to return to his post of duty in due time.

The orphanage picnic at Thomasville today was attended by a large crowd. The adjoining counties, Randolph, Davidson, Forsyth and Guilford, were well represented there, especially were the two first named counties. The exercises of the day took place in the beautiful and historic grove of the orphanage. This is a day long looked for by the little orphans domiciled at this great institution and they all smiled their sweetest smiles as they romped over the grounds in their playful glee, listening to the kind words spoken to them by the many kind friends and visitors and enjoying themselves as only little children bereft of father or mother or both, could. It was a sight that would touch the heart of any one and make the angels in heaven rejoice. The address delivered by Hon. W. W. Kitchen was a gem. His words to the little orphans were touching. Wish we had space to repeat part of it. The beautiful spread of dinner was enjoyed by all. In short, the occasion was a success in every particular and will be pleasantly remembered by all present. May the interest that has been manifested on former occasions never grow less in years to come.

Rev. J. W. Goodman, Chas. Weldon and Miss Bessie Hoskins returned home on the southbound local last night.

Mrs. Neems, of Richmond, who lived for a number of years in High Point, arrived in the city yesterday evening.

Miss Laura Woolen, a popular young lady of Randolph, passed through the city last night enroute to Rutherfordton.

D. L. Clark and wife and little Austin Clark who have been spending some time at points in Chatham county, returned home last evening. Mr. Clark went on business, but found time enough on the way to engage in one of his favorite sports—fishing. It is useless to say that he met with luck—he is a successful angler.

Mrs. R. W. Brooks and her winsome daughter Miss Mary, of Greensboro, spent the day here yesterday with the family of W. E. Lewis. They returned to their home on the night train.

Hqn. W. W. Kitchen was a passenger on the southbound local yesterday evening enroute to Thomasville where he delivered an address today.

Several High Pointers attended the orphanage celebration at Thomasville today, some going on the train and others by private conveyance.

It is said that little hope is now entertained of Joe Jackson's recovery. He got out of bed too soon after he was shot and suffered a relapse which is thought will prove fatal. He has been confined to his room since the trial of Croker last week, and seems to grow weaker every day.

STOCK YARDS AT WILKESBORO.

The Southern Will make That Place a Cattle Shipping Point.

The Southern Railway has decided to build new stock yards at Wilkesboro and that point will be made shipping headquarters for cattle from Ashe, Allegheny, Watauga, and other counties. The government has signified its intention of sending an inspector of cattle there.

The determination of the Southern to establish yards at Wilkesboro resulted at a conference held here yesterday between Mr. N. J. O'Brien, division superintendent of the Southern, and Dr. Hooper Curlee, of the Agricultural Department.

Mr. J. Van Lindley yesterday notified the department of agriculture of the appearance of a new pest at Greensboro and that vicinity, which is attacking fruit orchards. Both Dr. Curlee and Prof. Sanderson, the government expert, will go to Greensboro to make an investigation. They will also take a trip through the western part of the state to make a study and investigation of the San Jose scale.—Raleigh Post.

Train Wrecked.

The freight train from Winston to Charlotte was wrecked yesterday afternoon at Cornwell, a station near Davidson, by the spreading of a rail. The engine with five cars passed over safely, but six cars filled with coal jumped the track, and went over the embankment. A passenger coach also left the rails, but no one was injured. The train was in charge of Capt. Eli Laird, conductor, and Engineer Jonah Curlee.

Solid pink, solid blue and solid red corded pique, only 12 1/2 cents per yard at Thacker & Brookmann's.

PROTEST OF THE NEWS MEN

At Manila, Created a Sensation in Washington.

THE OFFICIALS ARE ALARMED

But There is No Present Indication That the Government's Policy Will Be Altered.

Special to THE TELEGRAM.

Washington, July 19.—The statement coming from Manila, signed by reputable newspaper men, agents of the Associated Press, and correspondents of representative newspapers of the country, charging the administration with concealing the true state of affairs existing in the Philippines, has caused more alarm in administration circles than any other incident connected with the war in the East. There is no effort being made to suppress the true feelings of the administration people in regard to the significance of the statement, but the fact is apparent that the president and his advisors fear the effect of the statement upon the country at large. From the statement it is evident that the newspapers of the country, and the people have in some way been misinformed, and the dispatches of the correspondents at Manila have been censored to convey just the opposite from what was originally intended by them.

At the war department the statement has created a profound impression, and the officials are evidently alarmed, though but little can be gathered in regard to it, owing to the policy of the department to suppress such matters as much as possible. At the adjutant general's office it was said yesterday that no censorship has been established at Washington, but that the dispatches are made public just as they are received, which is doubtless true. The dispatches for publication are censored before they reach the department, at Manila. The secret dispatches intended only for the use of the war department, and not for the newspapers, are not given out, and of course are not censored.

It is said that the cabinet will consider the charges made by the newspaper correspondents, though there is no present indication that the administration's policy in regard to the dispatches will be altered.

Commissioner Evans, who has been talked of as a candidate for the republican nomination for governor of Tennessee, it is stated has said positively that he will not be a candidate for the office. Commissioner Evans says that the use of his name in this connection has been without his consent. He says that the republican party is in good shape in the state, but he does not speak very hopefully of his party carrying the state either this year or in the presidential election.

The commissioner is not very much troubled about the charges which have been brought against him on account of the management of the pension bureau. It is understood that the report of the committee appointed by the grand army encampment has practically exonerated him.

Among Alabama people coming to Washington there is considerable talk of opposition to Senator John T. Morgan. The opposition to his reelection grows out of the recent intervention with him concerning the qualifications of the next democratic nominee for the presidency. Among those mentioned as his successor are Representative Bankhead, who aspires to the democratic leadership of the house of representatives, and Governor Johnston.

Several Washingtonians will leave this morning for Beltsville, Md., for the purpose of attending the wedding of Bishop Cheshire, of North Carolina, to Miss Bessie Mitchell, of Beltsville. The party will return to Washington tonight.

Postmasters have been appointed in Virginia as follows: Big Island, Bedford county, V. E. Arthur, vice Wm. B. Tinsley, removed; Desha, Essex county, Willis Brooks, vice James H. Moulton, removed; Peaksville, Bedford county, Henry G. Arrington, vice John E. Wright, resigned.

John L. Mance, a well known citizen of Richmond, Va., was at the Metropolitan Hotel yesterday.

Mrs. Robert Hancock, Miss A. E. Ragan and Miss A. V. Savery, all of Newbern, N. C., are at the Metropolitan Hotel.

Among other North Carolina people in Washington are Thad B. Selde and A. V. Shea.

Postoffice sites in North Carolina have been changed as follows: Ashford, McDowell county, one mile north; Cherokee, Swain county, three-fourths of a mile north; Exeter, Bertie county, one-half mile south; Lacrosse, Guilford county, two miles south; Rock, Rowan county, one and one-half miles southeast; Waterloo, Union county, one-half mile east.

Postoffices have been discontinued at Brighton, Mitchell county; and at Highgate, Allegheny county.

ENGLISH ELM LEAF BEETLE.

Prof. Sanderson, Entomologist, Sent Here to Investigate.

Prof. E. Dwight Sanderson, of Washington, assistant in the division of entomology, U. S. Department of Agriculture, was in the city this morning, having been sent here to investigate the cause of the defoliation of elm trees in and around Greensboro. Prof. Sanderson was escorted around the city by Mr. J. Norman Willis. He found that the English elm leaf beetle is responsible for the devastation. He returned to Washington at noon and will at once send Mr. Willis a supply of circulars giving treatment by which they can be exterminated. The circulars will be received in a day or two and any one desiring them can secure them by calling on Mr. Willis at the Odell Hardware Company's, or if you cannot call a circular will be mailed you for the asking. Persons on whose property the beetles have appeared are urged to take steps to exterminate them. Prof. Sanderson says that if the beetles are not stopped they will eventually kill the trees, and unless concerted action is taken to destroy them it is not improbable that at its next meeting the board of aldermen will be asked to make it compulsory. Prof. Sanderson will return to Greensboro during gala week to attend a meeting of the agricultural society.

Verdict for \$300.

Yesterday in court was occupied by the case of Miss Jennie E. Kennon vs. Western Union Telegraph Company, wherein the plaintiff asked for \$2,000 damages for the failure of the defendant to deliver a telegram sent by her to a party in Reidsville. The jury rendered a verdict for the plaintiff for \$300.

Family Of Ten Drowned.

Omaha, Neb., July 18.—A special to the Bee from Tekamah, Neb., says: News has been received today of the drowning in northwestern Iowa, near the Minnesota line, Monday night, of A. W. Blades, his wife, and eight children, while en route to Minnesota in an immigrant wagon. The family was encamped for the night on a creek when a cloud-burst raised the creek twelve or fifteen feet and the family, team and wagon were swept away.

THE BOND ISSUE.

The election for improvement bonds, held in this city yesterday, marks a long stride forward. The outcome of the election was entirely satisfactory to the friends of the proposition.

Three hundred thousand dollars for city improvement sounds well, and Greensboro's reputation as being a progressive city is fully sustained.

Greensboro has been growing and is yet growing; but the limit was bound to be reached unless some money could be raised for city improvement to meet the conditions which are crowding around us thick and fast. Houses are being built far beyond the reach of the present water supply. People, tax payers at that, are living in sections where there is not a ray of light to guide their footsteps home at night, and manufacturing enterprises are located on streets where, in the winter season, it is almost, and at times wholly, impossible to get the manufactured product away from the mill.

Then what encouragement could we offer those already here to enlarge, or what inducement could we offer others to come?

We must have a more extended and adequate water supply.

We must have more light.

We must have better streets and sidewalks.

We must have a complete and adequate sewerage system.

We must have a first-class city hall and market house building.

All these things are necessities, not luxuries, and the people said by their votes yesterday that they were willing to give the board of aldermen an opportunity to provide them for the city.

The value of a perfect and complete water system cannot be estimated in dollars and cents. Neither can the advantage of macadamized streets or the intrinsic worth of an adequate system of sewerage be computed by that scale; and a man never fully appreciates light until he is in the dark. Then contrast the miserable sweat-pen now used as a market with a new, modern and handsome structure, airy and clean and commodious, and you will be glad to exchange the former nauseating and appetite-dispelling place for the latter.

There is nothing in this intended as a reflection on those who are trying to give good service in the present market house. The place is simply unsuited for the business, and no amount of skill and labor could make it an inviting market place.

But the bonds have been voted, and we believe when the work of improvement begins that those who were opposed to it on yesterday will be as eager as any to get their share of the benefits. Many of the more intelligent colored people voted for bonds and it is to their credit that they did so, but a big majority of the colored voters stayed away from the polls.

Those of the white people who thought it unwise to issue bonds will, no doubt, acquiesce in the will of the majority and do all in their power to secure a judicious expenditure of the money, that the greatest possible good to Greensboro may result.

Miss Lillian Clayton Jewett, the bright young lady of cultured Boston, who proposes to come down to Charleston and escort murdered Postmaster Baker's family up north for the purpose of arousing sentiment against the brutality of the southern people toward the blacks, had best not be quite so spry. She might find herself encumbered with more passengers back home than her purse could bear. We are sure that the family of Sam Hose wouldn't mind taking the trip, and there are doubtless others.

LONDON TIMES ROASTS ALGER.

If the corruption and incompetence of the American war office, as conducted by Secretary Alger, is so palpable and flagrant that foreigners feel called

upon to denounce it to the world in such measures as the following editorial from yesterday's London Times, isn't it time the notorious rottenness was purged by the president? But McKinley will not force Alger to resign. The chief executive is so much more of a politician than a statesman that he would far rather submit to the disgraces wrought by one of his cabinet members than to imperil his own success at the next election by forcibly ejecting the offender.

Following is the Times' editorial:

"Alger has run the war office as a political machine. Military posts have been bestowed upon political friends without regard to fitness or the interests of the country. Dishonesty and corruption have been rampant wherever there was public money to be handled. American soldiers were killed by thousands on American soil by such agencies as embalmed beef and scandalous neglect of elementary sanitation. As the head is, so we expect the subordinates to be. They were chosen without regard to fitness, but with every regard to political service. Naturally they act as the politicians are, rather than as soldiers and administrators, which they are not. The new imperial policy of the United States is thus discredited by association with a system of more than common corruption. McKinley, for some reason or other, is incapable of ridding himself of the incubus of his secretary, who, evidently regarding himself as having the president in his pocket, serenely defies the public indignation that has been aroused by his mismanagement."

The following dispatch received yesterday from General Ctis, is very characteristic of him. He never mentions anything which the people would like to know:

"Manila, July 18.—Continued heavy rain; cyclonic storms impede business in the harbor. The Colorado sailed on the transport Warren yesterday. Private Horn and Wilder; Company G, left sick. In addition, 131 discharged men, of various organizations, took passage. Californians on the Sherman have arrived from Negroes. The vessel must be coaled and receive subsistence of the typhoon now prevailing."

General Otis, where is your army?

How many men have you, able to do effective duty?

Where is Aguinaldo and his Filipinos?

Are you gaining any ground, or are you losing that already secured?

How many men did you lose in that last little scrimmage?

How about the sick, groaning in their tents with wounds and disease?

How many dead American boys have you planted beneath the sod on that faraway strand?

What are you doing toward ending this fearful war which is costing the government of the United States, to say nothing of the tears at home and the blood in the field, more than a million dollars every day?

Echo answers.

Can any significance be attached to the silence of some North Carolina editors on the "Five Greatest Living North Carolinians" question?

W. M. Gallagher, of Bryan, Pa., says: "For forty years I have tried various cough medicines. One Minute Cough Cure is best of all." It relieves instantly and cures all throat and lung troubles, coughs, colds, croup, whooping-cough, la grippe and pneumonia. Howard Gardner.

Millions Given Away.

It is certainly gratifying to the public to know of one concern in the land who are not afraid to be generous to the needy and suffering. The proprietors of Dr. King's New Discovery for consumption, coughs and colds, have given away over ten million trial bottles of this great medicine, and have the satisfaction of knowing it has absolutely cured thousands of hopeless cases. Asthma, Bronchitis, Hoarseness and all diseases of the throat, chest and lungs are surely cured by it. Call on C. E. Holton, druggist, and get a trial bottle free. Regular size 50 and \$1. Every bottle guaranteed or price refunded.

For the Amendment.

Mr. Sharp, of Iredell, who was a contemporary of Dr. J. B. Alexander in the state senate, spent yesterday in the city. Mr. Sharp is a republican. He was asked yesterday his opinion as to the constitutional amendment. He replied that he thought the mass of the party, with Senator Pritchard as the head, would oppose it, but as for him, he was in favor of it. "I am tired of the negro in mine," said he, "and think this great mass of ignorance should be voted out."—Charlotte Observer.

It stands to reason that the fellow who has several millions to bequeath should be possessed of a great will power.

What is Kodol Dyspepsia Cure? It is the newly discovered remedy, the most effective preparation ever devised for aiding the digestion and assimilation of food, and restoring the deranged digestive organs to a natural condition. It is a discovery surpassing anything yet known to the medical profession. Howard Gardner.

Scribbler—"I should think you'd find it awful hard working on poetry all the time." Poetess—"On the contrary, I find it hardest working of the stuff."

To cure piles, strike at the root—that's the way. DeWitt's Witch Hazel Salve strikes at the root—it removes the cause, quickly and permanently. Don't squander time and money trying to remove the effects. Howard Gardner.

A Cheap Trip to the Pacific Coast

The National Educational Association meeting at Los Angeles, Cal., is the occasion for the Southern Railway to put on the remarkably cheap rate of One Fare for the Round Trip (plus \$2.00 Association Membership fee). In connection with the new Pacific Tourist Sleeping Cars, operated over the Southern Railway and the Southern Pacific, a double berth in which costs only \$1.00, renders possible the cheapest and most enjoyable trip of the season. A particularly pleasant feature of this trip is that the tickets are good going one way and returning another; i. e., going via New Orleans and returning through Salt Lake City and Colorado; or by the payment of \$12.50 additional, the trip may be made returning through Portland, Ore.

Stop over privileges are allowed at El Paso or any point west thereof, on the going trip, and at any point west of Denver and Colorado Springs on the return trip. By this means passengers are afforded the opportunity of seeing the entire Pacific Coast. Side trips are arranged at nominal cost from Los Angeles and San Francisco to all points of interest in California. Further information may be obtained from any agent or representative of the Southern Railway, or from

ADMIRAL DEVEY LIKES IT....

A Clever Trick.

It certainly looks like it, but there is really no trick about it. Anybody can try it who has lame back or weak kidneys, malaria or nervous troubles. We mean he can cure himself right away by using Electric Bitters. This medicine cleans up the whole system, stimulates the liver and kidneys, acts as a blood purifier and nervous tonic. It cures constipation, headache, fainting spells, sleeplessness and melancholy. It is purely vegetable, a mild laxative, and restores the system to its natural vigor. Try Electric Bitters and be convinced that they are a miracle worker. Every bottle guaranteed. Only 50c a bottle at C. E. Holton's drug store.

About the only things a careful thief won't take are chances.

Mr. A. Saunders, writing from Coconut Grove, Fla., says there has been quite an epidemic of diarrhoea there. He had a severe attack and was cured by four doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy. He says he also recommended it to others and they say it is the best medicine they ever used. For sale by C. E. Holton.

Hoax—"Softleigh appears to be very much taken with that blonde widow." Joak—"Yes; he's on any number of photographs with her I hear."

Catarrh is Not Incurable

But it can not be cured by sprays, washes and inhalant mixtures which reach only the surface. The disease is in the blood, and can only be reached through the blood. S. S. S. is the only remedy which can have any effect upon Catarrh, it cures the disease permanently and forever rids the system of every trace of the vile complaint.

Miss Josie Owen, of Montpelier, Ohio, writes: "I was afflicted with Catarrh, and one can know the suffering it produces better than I. The sprays and washes prescribed by the doctors relieved me only temporarily, and though I used them constantly for ten years, the disease had a fiercer hold than ever. I tried a number of blood purifiers, but the mineral ingredients settled in my bones and gave me rheumatism. I was in a lamentable condition, and after exhausting all treatment, was declared incurable. Seeing S. S. S. advertised as a cure for blood diseases, I decided to try it. As soon as my system was under the effect of the medicine, I began to improve, and after taking it for two months I was cured completely, the dreadful disease was eradicated from my system, and I have had no return of it." Many have been taking local treatment for years, and find themselves worse now than ever. A trial of

S. S. S. For Blood

will prove it to be the right remedy for Catarrh. It will cure the most obstinate case. Books mailed free to any address by Swift Specific Co., Atlanta, Ga.

Is It Right for an Editor to Recommend Patent Medicines?

From Sylvan Valley News, Brevard, N. C.
It may be a question whether the editor of a newspaper has the right to publicly recommend any of the various proprietary medicines which flood the market, yet as a preventive of suffering we feel it a duty to say a good word for Chamberlain's Colic, Cholera and Diarrhoea Remedy. We have known and used this remedy in our family for twenty years and have always found it reliable. In many cases a dose of this remedy would save hours of suffering while a physician is awaited. We do not believe in depending implicitly on any medicine for a cure, but we do believe that if a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy were kept on hand and administered at the inception of an attack much suffering might be avoided and in very many cases the presence of a physician would not be required. At least this has been our experience during the past twenty years. For sale by C. E. Holton, druggist.

A Woman's Bank.

The Fifth Avenue National bank of New York has 5,000 women depositors. It is situated at the corner of Forty-fifth street and Fifth avenue, in the midst of the residences of wealthy classes, and is almost exclusively patronized by rich women, who keep their household accounts and pin money there. The receiving tellers are very busy during the first few days of every month, when the patrons of the bank bring in the allowances they have received from their husbands or fathers, but the rest of the time they have comparatively few depositors to take care of, and have plenty of time to assist the paying tellers in cashing checks that have been drawn to meet grocery or dressmaker's bills.

A Hawk of Hair.

Chickens are sold by the piece in Buenos Ayres. They are dressed before being offered for sale, the only feathers left upon them being those of the tail. The same custom prevails in China as to dogs, where a bit of the dog's hair is always left on the end of the tail, even when the animal is cooked. But this is because the Chinese consider the flesh of black dogs the best and most certain to put a brave spirit into the body of the eater.

Animals That Know Roads.

The Welsh mountain sheep have obtained local recognition of their ability to distinguish boundaries and their own roads through their pastures. One flock of sheep fought a trespassing flock and the court decided that the sheep were worth a half crown more than others because they knew their roads and boundaries.

Explosive.

An ambitious young writer gave me the highest position quickest?" was told, "A powder magazine, if you contribute a fiery article."

DIDN'T KNOW IT ALL.

Fatal Mistake of a Negro Who Served as a Porter in a Drug Store.

Montgomery, Ala., July 18.—Stolen wine robbed three negroes of their lives in Barbour county, and perhaps four others have paid the penalty by this time. A negro baseball club from this city went to Eufaula last Saturday to play a negro team near that place. After the game the visitors were entertained at a dancing party by the home club, one of the members of the latter organization, thinking to add to the hospitality of the occasion, stole what he believed to be a bottle of wine from the drug store in which he served as porter. He was generous with the contents of his bottle, and before the evening closed seven negroes were writhing in the agony of acute poisoning. The bottle contained wine of colchicum, and was so labeled. At last accounts three of the negroes were dead and four others were desperately ill.

The Sapphire Country.

Along the cool southern slopes and table lands of the Blue Ridge mountains in Western North Carolina, at an average altitude of 3,000 feet, is a country full of delightful surprises to the tourist, sportsman and health-seeker. No other state contains so many clear, cold and wonderfully picturesque streams, so many grand water falls, such wide sweeping mountain views, and such beautiful lakes as the Sapphire Country, where until recently there was no provision made for the accommodation of visitors to this delightful section. Now, however, entertainment is offered on Lake Sapphire, Lake Fairfield, and on the summit of Mt. Toxaway, the view from the lodge there being the most extensive of any mountain point of vantage in North Carolina.

Parties desiring to visit this beautiful country can purchase round trip tickets to Brevard, N. C., via Hendersonville, where coaches convey you over good roads making the drive one of extreme pleasure. For full information call on 'any agent Southern Railway, or write R. L. Vernon, traveling passenger agent, Charlotte, N. C., or W. A. Turk, general passenger agent, Washington, D. C.

BLOOD POISON CURE FREE!

B. B. B. (Botanic Blood Balm) Drives the Poison out, and Thus Cures.
SAMPLE BOTTLE MAILED FREE
SYMPTOMS. If you have either pimples, painful swellings, ulcers, or mucous patches in throat or mouth, sore eyes or nose, slow discharge from the ears, copper-colored spots (sometimes the spots are red or pink), sores on the back, or sores on legs, color bad, skin itches and burns, boils, aching bones, feet or hands puff up and swell, hair and eyebrows fall out, then you have blood poison, either acquired or inherited. Begin taking B. B. B. at once, at any stage of the disease, and in one to six months the poison will be driven out of the entire system, and a cure will result. All the symptoms will gradually disappear, and you will be happy once more. B. B. B. (Botanic Blood Balm), is a thoroughly tested, powerful blood remedy, hence cures when all else fails. Beware of the mercury treatment of the doctors. B. B. B. does not contain vegetable or mineral poison, and acts as a fine tonic, building up the broken-down constitution. For sale by druggists. Large bottles, \$1. Six (full treatment) for \$5. Send 3 stamps for book and free sample bottle, which will be sent by return mail. Describe symptoms, and personal free medical advice will be given. Address Blood Balm Co., Atlanta, Georgia.

New Methods in Advertising.

Railway companies are adopting new and unique methods of advertising, as is demonstrated by the publication in the Four Track Series of the New York Central Road, of what is now becoming widely known and somewhat famous, "A Message to Garcia," by Elbert Hubbard, of the Phillistine Magazine, which itself is a peculiar and interesting publication as relating to magazines of the present day.

This article is attracting widespread attention, and has been answered by a writer in "The Mirror," published at St. Louis, under date of June 15, 1899, entitled "A Message to Hubbard," which gives the other side of the American employe.

The Southern Railway, the leading Southern system, spreading from Washington to the Mississippi River, and gridironing the South, and the only line to "The Land of the Sky" section of western North Carolina, has also issued a publication out of the ordinary, in the shape of an attractive booklet entitled "A Night on Mount Mitchell," by Henry Litchfield West, one of the leading editorial and political writers of the Washington Post, a paper widely and favorably known for the ability displayed in its editorial and political columns. This story is a description of an ascension to the very top of Mount Mitchell, which is the highest mountain peak east of the Rocky Mountains, and 400 feet higher than Mount Washington, upon which has been erected a monument to Professor Mitchell, after whom the mountain was named.

The story is replete with interest and thrilling in detailing a trip which may be taken by any traveler for health or pleasure, and reminds one of Taine's description of Lookout Mountain, when he stood upon its heights and delivered the following oration, which is reproduced for its graphic description of a location famous in American history:

"The carriage wound its way up, up, up. Standing there on the tip-top rock, I saw five states of the Union. Scenes stupendous and overwhelming. One almost is disposed to take off his hat in the presence of what seems to be the grandest prospect on this continent. There is Missionary Ridge, the beach against which the red billows of Federal and Confederate courage surged and broke. There are the blue mountains of North and South Carolina. With strain of vision there is Kentucky, there is Virginia. At our feet, Chattanooga and Chickamauga, the pronunciation of which proper names will thrill ages to come with thoughts of valor and desperation and agony. Looking each way, and any way, from the top of that mountain, earthworks, earthworks—the beautiful Tennessee winding through the valley, curling and coiling around, making letter S after letter S, as if that letter stood for shame that brothers should have gone to massacre with each other while God and nations looked on. I have stood on Mount Washington, and on the Sierra Nevada, and on the Alps, but I never saw so far as from the top of Lookout Mountain."

Copies of this booklet and other interesting publications on "The Land of the Sky" section and "Lookout Mountain" may be obtained from Mr. W. A. Turk, General Passenger Agent Southern Railway, Washington, D. C.

BRIEF LOCAL MATTERS.

A. H. Joyce, of Danbury, is at the McAdoo.

Note change in ad of Baach, the fancy grocer.

Come! Where? To the lawn party at court house tomorrow night.

Will H. Matthews & Co. are talking trousers and overalls. Read their ad.

Two dogs were killed and four sold for \$1 each by the dog-catcher yesterday.

Hook and Ladder boys' lawn party at the court house tomorrow night! Come out!

N. J. McDuffie, the big furniture man, has an interesting display of his goods in his space today.

About one hundred colored people from this city, went to Reidsville this morning to attend a Sunday school convention.

The bond election yesterday—but come out to the Hook and Ladder boys' lawn party tomorrow night and eat cream and cake while you discuss it.

The Hook and Ladder company's lawn party will be given tomorrow night on the lawn around the court house. Central location; come out and help the hookies.

Little Miss Della Smith returned last evening from a visit to friends in Washington City. Little Miss Lottie Newton returned with her and will spend some time visiting here.

Dr. and Mrs. J. G. Sherrill, of Louisville, Ky., arrived at noon from Raleigh, where they have been visiting State Librarian Sherrill, and will spend a week with Dr. Sherrill's sister, Mrs. S. L. Aldermen, on East Market street.

Clarence O. Sherrill, a cadet at West Point, is visiting his sister, Mrs. S. L. Aldermen, on East Market street, having come here from Raleigh where he has been visiting his father, State Librarian Sherrill. Clarence has many friends here who are always glad to see him. He will spend a week.

"The Pied Piper of Hamelin."

The orchestra takes pleasure in announcing that Mr. J. W. Tillinghast, who has lately moved to our city with the intention of opening a school of music, has very kindly consented to produce this operetta with the aid of the best known talent to be secured for the benefit of, and assisted by, the orchestra.

The orchestra has been reorganized and is in need of several instruments to make it complete and effective and it is earnestly hoped that the public will turn out in large numbers and show their appreciation of a good home orchestra.

The Pied Piper of Hamelin is Mr. Tillinghast's own composition and arrangement, and has been successfully given in several cities to well pleased audiences.

It will be given at the Academy of Music Friday night, the 28th inst.

A Shrewd Collector.

William D. Hughes, the young white man arrested here on the charge of larceny, was carried to Asheboro yesterday.

Hughes had, until a short while ago, been employed at the depot in Randolph and it is charged that, in collecting freight bills from merchants, he collected more than was due and pocketed the excess cash. He came here, before his crooked work was discovered, and enlisted in the army, but Deputy Sheriff Weatherly arrested him before he was sent away.

He will answer the charge at Asheboro court.

Bolden vs. Southern.

Mr. F. H. Busbee, of Raleigh, is here as defendant's counsel in the case of Bolden vs. Southern Railway. Bolden, who was a track inspector for the Southern, alleges in his complaint that while he was making an examination of one of the ties in a trestle the tie gave way and he was injured internally. He therefore asks \$2,000 as damages. As we go to press the case has not been given to the jury.

Col. John N. Staples represents the plaintiff.

Men's balbriggan shirts, 25, 35 and 50 cents each, special values, at Thacker & Brockmann's.
